FROM THE FOUNDER'S DESK

SHABANA AHMED
FOUNDER
SUZ FASHION PRIVATE LIMITED

With years of dedicated work and thoughtful consideration, Suz Fashion was born. Suz Fashion offers leather-based accessories and organizers that are easily accessible. We have been manufacturing and exporting these products with over 20 years of experience in the textile and leather industry.

As a merchandising leader in the textile industry, I spent over two decades specializing in leather goods before founding Suz Fashion. The aesthetics of our work is rooted in a classic vocabulary, while our design language is straightforward. The leather used by us is of the highest quality and we focus on construction and functionality.

In addition to providing fine quality products, one must see value in the business and in society with superior aesthetics. My passion for accessories helped me realize a gap in the market and the thought of bringing newness got ingrained in my mind. Working in the fashion and lifestyle industry for 18 years has broadened my outlook on intricate detailing for product development and its potential to bring uniqueness.
